Public Notice for the

Cameron Water Treatment Plant Clarifier Rehabilitation Project

*Project is Wholly Funded by the Drinking Water State Revolving Fund (DWSRF)
thru the Texas Water Development Board (TWDB)*

Description of Project:

- Rehabilitation of exterior and interior of concrete structures for Clarifiers No. 1 and 2 at the Cameron Water Treatment Plant.
- Remove and replace existing catwalk connecting Clarifiers No. 1 and 2.
- Removal and replacement of mechanical and electrical components for both clarifiers.
- Connect new clarifier equipment to existing SCADA system.
- Remove and replace existing sludge removal valve on Clarifier No. 2.
- Remove and replace 90 linear feet of 6" recycle line.
